Haley is about to get evicted from her apartment

Faith badgers me every day

So yeah a killing spree/suicide is sounding pretty good these days

I'm out of drives and can't afford more

Laid not late

If I could get this house fixed up
which I can't, I would sell it and
just live in my tesla. It has YouTube
so I'll be OK and it has Internet

I can't even jerk off
successfully anymore

I'm getting weight and can barely
fit in any clothes I have

Life sucks hard

How can things get any worse?

Oh yeah I could be in prison

I miss him so much

And people like her and [REDACTED]
are just fine. Enjoying lives that
they built on my back. While I
struggle

The FBI is investigating me

The cops around here are always
up my ass

I have no income

My house is in shambles

Thank you Mike

I'm all the people that are still in
my life and I still see. Only one of
them is a person that I don't
despise.

Of all the people

Everybody scrutinizes everybody
criticizes everybody is all
interested in what I'm up to. I wish
they mind their own business

I can barely summon enough
willpower leave my bedroom

I almost never leave my bedroom
almost never
